STEP :1

Understanding Your Need

We begin by understanding your design requirements and budget to ensure the perfect balance of creativity and value.

STEP :2

High-Precision 3D Design

Our team creates detailed, high-precision 3D designs for your review and approval, ensuring every detail matches your vision.

STEP :3

Diamond Selection

We help you select diamonds based on your preferred grade (VS, SI, etc.), offering clarity and quality that fit your specifications.

STEP :4

Expert Manufacturing

Once approved, your design moves into production, where skilled craftsmen meticulously bring your jewellery to life.

STEP :5

Quality Control & Finishing

Every piece undergoes strict quality checks – including stone setting, polishing, and finishing – with photos and videos shared for your approval.

STEP :6

Secure Packaging & Dispatch

After final approval, your jewellery is carefully packed and safely dispatched to ensure it reaches you in perfect condition.
